

NutriVantage™

To be mixed in swine diets to increase the nutrient fortification for maintaining health and performance.

NutriVantage supplement is a nutrient-dense feed fortifier that contains a synergistic blend of natural ingredients, organic acids, vitamins, and minerals. This mixture supplies antioxidants, natural chelating agents and contains prebiotics.

When fed at the recommended levels NutriVantage supplement can:

- Promote a healthy gut environment
- Help balance gut micro-flora
- Help combat stress
- Provide immune system support
- Aid nutrient availability and digestion

Research conducted at the Kent Product Development Center has shown an increase in nursery pig performance with the addition of NutriVantage ingredients.
