

Equine Choice™

Product Description

A molasses-based nutritional supplement for horses available in 33⅓, 50, & 250 lb pails.

Features and *Benefits*

High Energy: The combination of the most concentrated source of energy - fat (from vegetable oil) - along with a high level of sugar from molasses, *provides a highly digestible energy product.*

Optimum palatability: A high level of molasses *stimulates intake.* Fat also *aids in palatability.*

Guaranteed levels of vitamins: *Improves health. Eliminates need for special vitamin paks.*

Weather resistant: *Rain, snow, heat, or cold does not affect the composition or consumption. Excess moisture or heat does not cause the product to soften or melt down.*

Reduces labor: *Eliminates daily feeding and handling. The product can be self-fed.*

The cooked product which hardens through a natural curing process *helps control intake.*

Feeding Directions

Free-choice Kent Equine Choice to horses on all types of rations to provide supplemental nutrients when fed along with grain and roughages. Place in a dry location near the animal's source of water, salt, mineral or loafing area.

The metal handle should be anchored to prevent tipping and rolling.

Consumption will vary depending on animals size; quality, source and availability of roughage and/or grains; number of animals and location.

Species	33⅓ lb Pail	50 lb Pail	250 lb Barrel	Animals/ Intake/hd/day
Horses	1 - 2	9 - 15	2-3	0.5 - 1.5 lbs

DAILY INTAKE VALUES ARE APPROXIMATE. **To increase consumption** decrease the number of animals. **To reduce consumption** increase the number of animals, or place away from the normal loafing area.

Provide clean, fresh water at all times, plus free-choice salt and/or mineral.

Equine Choice®

A supplement for horses for maintenance, breeding, and performance.
