

To be mixed in cattle rations to increase the nutrient fortification for maintaining health and performance.

BoVantage supplement is a nutrient dense feed fortifier that contains a synergistic blend of natural ingredients, organic acids, vitamins, and complexed trace minerals. This blend supplies antioxidants and contains prebiotics.

When fed at the recommended levels BoVantage supplement can:

- Promote a healthy rumen environment
- Support the growth of beneficial bacteria
- Help combat stress
- Provide immune system support

Research conducted at the Kent Product Development Center supports a dramatic improvement in newly arrived cattle. Dry matter intake, ADG, and F/G were enhanced and death loss was reduced when BoVantage supplement was included in a receiving diet.
